The war in Afghanistan has been a major policy commitment and central undertaking of the Canadian state since 2001: Canada has been a leading force in the war and has spent hundreds of millions of dollars on aid and reconstruction. After a decade of conflict, however, there is considerable debate about the efficacy of the mission, as well as calls to reassess Canada's role in the conflict. An authoritative and strongly analytical work, *Empire's Ally* provides a much-needed critical investigation into one of the most polarizing events of our time.

This collection draws on new primary evidence – including government documents, think-tank and NGO reports, international media files, and interviews in Afghanistan – to provide context for Canadian foreign policy, to offer critical perspectives on the war itself, and to link the conflict to broader issues of political economy, international relations, and Canada's role on the world stage. Spanning academic and public debates, *Empire's Ally* opens a new line of argument on why the mission has entered a stage of crisis.
