

**SAT JAN 30
1PM-3PM**

**BULMAN CENTRE MULTI-PURPOSE ROOM
UNIVERSITY OF WINNIPEG**

This community forum will be an opportunity to get involved in a campaign to prevent a PC or Liberal win that's independent of the NDP.

After hearing from inspiring speakers we'll be rolling up our sleeves and forming action teams on issues like poverty, resources and the environment, workers' rights and unions, and prisons and policing.

Come on out and get involved!

Organized by Solidarity Winnipeg. Solidarity Winnipeg is a new group that aims to unite people to fight for social and ecological justice in the spirit of the Leap Manifesto.

We believe that no matter which party wins the election, we need to mobilize against austerity and for the kind of change people need.
