**NOT FOR SALE!**

Say **NO** to privatization

**KEEP  
HYDRO  
PUBLIC**

# HELP SAVE HYDRO

*Premier Kathleen Wynne and her Liberal MPPs—who include Ottawa's Marie-France Lalonde, Yasir Naqvi, Madeleine Meilleur, John Fraser, and Energy Minister Bob Chiarelli—have started to privatize Hydro One. 80% of Ontarians oppose this privatization because they know it will drive our rates even higher. And the Financial Accountability Officer says it will cost Ontario hundreds of millions of dollars in lost revenue every year. Forever.*

*Only the wealthiest citizens benefit from hydro privatization; everybody else suffers higher hydro rates and eroded public services.*

***The good news is that these privatizations can still be stopped, and even reversed. But we need your help.***

***Please join us for this important meeting:***

**Thurs., Feb. 11, 7 - 9 pm**  
**Ottawa Library, main branch**
